

UUAAAA

A stylized DNA sequence logo. The top row features two red 'U's, followed by an orange 'G' with a horizontal orange bar underneath, then two green 'A's, a blue 'C' with a horizontal blue bar underneath, and finally three green 'A's. The bottom row consists of six blue 'E's, each with a horizontal bar above it that has small colored segments (green, red, brown) at its ends.

EEEEEE

A stylized DNA sequence logo. The top row features two red 'U's, followed by an orange 'G' with a horizontal orange bar underneath, then two green 'A's, a blue 'C' with a horizontal blue bar underneath, and finally three green 'A's. The bottom row consists of six blue 'E's, each with a horizontal bar above it that has small colored segments (green, red, brown) at its ends.
